

## *WHY SEND YOUR CHILD TO A CHRISTIAN SCHOOL?*

It has generally been thought that the religious training of children should be the responsibility of the church and parents. We do not take issue with that stand. However, when one recognizes that the school has the child about one-half of his waking hours, it is clear to see why the secular, sometimes anti-Christian nature of the non-Christian school and society can destroy what the church and home is trying to do.

The Christian school provides the spiritual reinforcement to help the child to develop integrity, compassion, a heart for service, and commitment to the Lord Jesus Christ. The Christian school, basing its standards on the excellence and absolutes of God's word, will provide your child with the finest academic education possible. The partnership between Christianity and education is a powerful one that will serve well your family, your society and the kingdom of God.

The problems of our world are rarely intellectual or academic ones. Our problems stem from poor relationships, selfishness, and a lack of integrity. Your son/daughter deserves the best of both an academic and a moral and spiritual foundation for his/her life. Your investment is measured in lives—not just the lives of your children, but the lives of those that they touch as well.

We have an awesome responsibility, but with God's guidance and a cooperative effort on our part, we can educate our children for time and eternity.

Triple C School has been providing a quality elementary and secondary Christian education to the children of the Cayman Islands for over 70 years. It was the first school to offer both elementary and secondary education. 50% of our graduates go on to tertiary education in the U.S.

“Our children are all we have in this life which we can take with us to Heaven—but they must receive Christ as their Saviour. The task of training our children to center their lives in Christ and outfitting them for the future is no less than our number one mission in life. Christian school education stands ready to assist you in that all-important responsibility.”
